

2023 – 2024 Performance Overview

Early Years: Good Level of Development (GLD)

The GLD is a performance measure used at the end of Reception. Children are defined as having reached a GLD) at the end of the EYFS if they have achieved at least the expected level for the Early Learning Goals in the prime areas of learning and the specific areas of mathematics and literacy. This helps teachers and parents to understand broadly what a child can do in relation to national expectations.

Year 1: Phonics Screening Check (PSC)

The purpose of the Phonics Screening Check (PSC) will be to confirm that all children have learned phonic decoding to an age-appropriate standard. Children who have not reached this level should receive extra support from their school to ensure they can improve their decoding skills, and will then have the opportunity to retake the PSC in Year 2.

Year 4: Multiplication Table Check

The Multiplication Tables Check (MTC) is taken by pupils at the end of year 4. The purpose of the MTC is to make sure the times tables knowledge is at the expected level. The MTC is an online test where the pupils are asked 25 questions on times tables 2 to 12. There is no pass rate, the data is used internally by schools for assessment and intervention purposes. However, it is informally noted that 22 / 25 is considered a 'pass'.
